Also complete this part to provide any additional information.

Part I, Line 2:

Firelight hires Program Staff that have lived in the countries where Firelight funds, thereby bringing real world knowledge to our work.

Before a grant to a new organization is approved, Firelight requires a site visit from Program Staff, as well as assessments by two external individuals. Assessments capture organizational management, including use of sound financial management, quality of programming, networking, and sustainability, governance and leadership. Firelight's Africa based Advisory Council reviews funding recommendations before the grants are approved by the Board of Directors. Multiple steps are used to monitor use of funds (detailed below). In order to meet reporting requirements, financial reports must show up to 95% expenditure or greater in both local currency and/or USD in order for the grant to meet reporting requirements.

Firelight uses multiple strategies to monitor use of funds:

- Grantees provide annual report, both narrative and financial, as well as beneficiary data, which is analyzed against what they proposed. Staff also analyze budgets and financial reports for reasonable expenditure.

Any changes over 10% of budget must be approved with a rationale. Budget changes below 10% must be explained in the financial report.

- Firelight program consultants and Lead Partners conduct ongoing visits for support and monitoring of grantee activities. These include both planned and unplanned monitoring and support visits.

- Firelight staff conduct site visits annually where they conduct in-depth review of organization's goals, programs, accomplishments, as well as operational systems, such as financial management systems

- Partners with large budget have an annual external financial audit
